

# Hello

**We are Miary i Wagi.**  
Nr 1 Manufacturer  
of scales in Poland

**65** / **LAT**  
*tradycji*  
**SINCE 1956**

Company was established  
in 1956.

# Headquarters

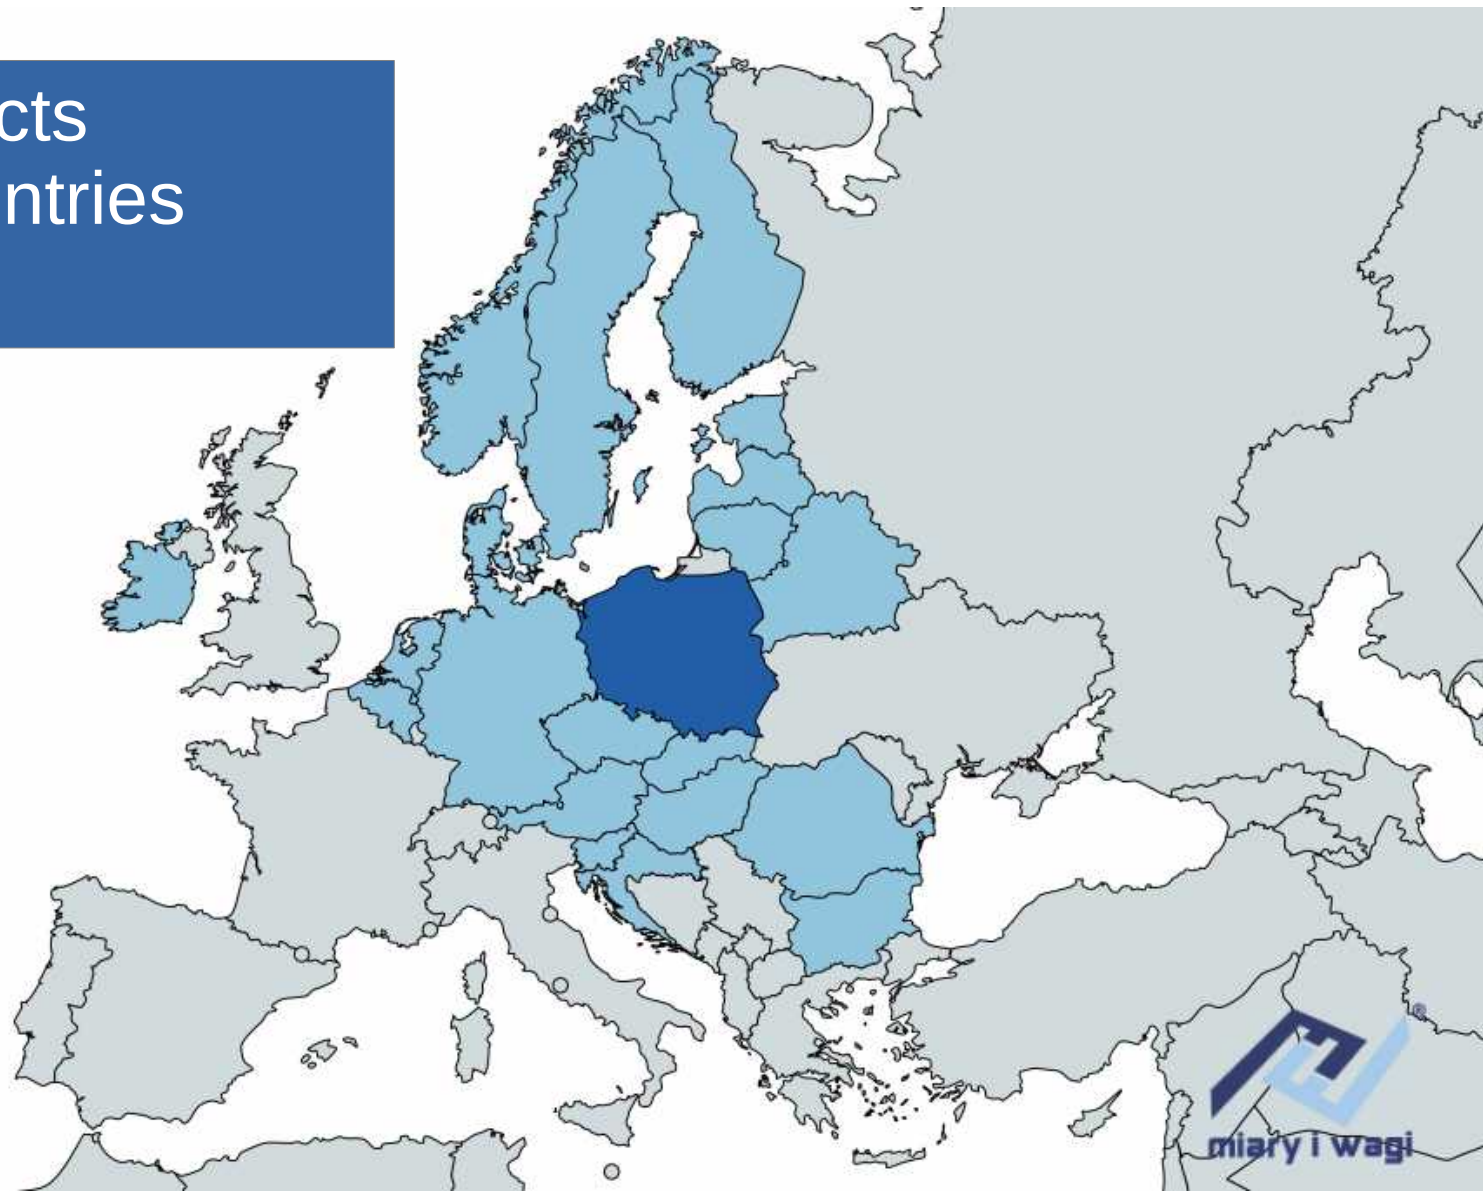

In the last decade, we have produced over 3,000 truck scales

Map of our truck scales in Poland and Europe

We export products  
to around 20 countries  
in Europe

Production takes place  
in our own factory

We take care of ourselves about all the details

miw.group

We care about the highest quality of products

A photograph showing a stack of four long, galvanized metal beams. The beams are supported by wooden blocks. The top beam is a solid channel section. The second beam has a diamond-plate pattern on its top flange. The third and fourth beams also have diamond-plate patterns on their top flanges. The beams are secured with black straps. The background shows a concrete floor and a wall with some stains.

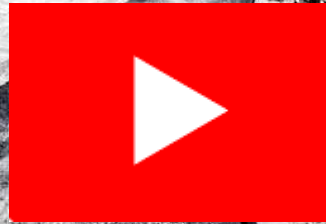

We use the best solutions

Overrun trucks scales

Pit truck scales

The UNITED

The UNITED Pro

We like challenges

Truck scale in the  
Vistula Spit ditch

The farthest European destinations  
are Finland and Sweden.  
We send scales with heated  
platforms there.

Truck scales in Tanzania.  
There are no limits.

The pandemic did not stop us
